EasyScore

D2K iConnect - The Ultimate Credit Scoring Tool

Enhance your loan underwriting process with consistent parameters you control.

Approvals Made Easy with EasyScore!

- Evaluations made quickly using standardized scoring guides you control
- Recognize quality customers to make the first loan quickly and for the right amount
- Exception requests for your Supervisors and Management team members
- Credit scoring using customer demographics, debt-to-income calculations, and key credit report information

Improve Loan Approval Consistency Between the Branches

EasyScore is designed to eliminate subjective loan underwriting practices and provide you with uniform loan approval guidelines.

Our scoring system uses up to 29 data points in the underwriting process - all based on historical and proven new customer acquisition success. The system identifies both the qualifiers and their appropriate loan amounts..

The structure follows an easy-to-understand stop light guide: Green = Approve; Yellow = Approved with Stipulations; Red = Deny. Using the proprietary iConnect system, your team will unlock potential loans more quickly and securely with easy communication you have come to expect!

iConnect is D2K's proprietary intranet platform with applications designed to help you successfully manage your marketing program and streamline communication to your company's team members. Easy-to-use portals allow management of documents, calendars and important company information from a single login. Security is a core value for D2K Corp and iConnect has that covered for you – with user level access, encrypted data storage, 24-7 security monitoring, and secure data transfers – **just the peace of mind you need.**
