- Ability to automatically communicate check cashers to the specific branches with instructions
- Detailed reports and search capability

SOLVE YOUR LIVE CHECK PROCESSING CHALLENGES

A live check is our industry's premium offer and is the most difficult to manage at a Home Office level. The more live check volume you do, the harder it is to accurately process, review, and communicate to your branches.

The Live Check Processing Center minimizes the administrative and communication challenges through an easy-to-use online portal. Images, loan agreements, booking instructions, and customer information are stored securely and are easily accessible by your branches. This live check tool allows you control, consistency, and the ability to handle huge volumes of check cashers. **The Live Check Processing Center is the ultimate process optimization tool.**

iConnect is D2K's proprietary intranet platform with applications designed to help you successfully manage your marketing program and streamline communication to your company's team members. Easy-to-use portals allow management of documents, calendars and important company information from a single login. Security is a core value for D2K Corp and iConnect has that covered for you – with user level access, encrypted data storage, 24-7 security monitoring, and secure data transfers – just the peace of mind you need.
